Re: Creation of an Integrated Conference Centre Network

The Ferrara Council Local Manufacturing Authority Promotion and Development O.U. hereby requests the cooperation of private firms and public bodies in drawing up a comprehensive map of all conference halls in the city of Ferrara, with the aim of creating an Integrated Conference Centre Network.

Once the necessary data has been collected, a dedicated page will be added to the Council website (www.comune.fe.it) containing all the information regarding the halls and their representatives. Furthermore, the site will be publicized in all sectorial associations, the Chamber of Commerce, firms and the university. In this way the Council hopes to promote these structures by creating a useful and easy-to-access database.

Should you wish to adhere to the scheme, please complete the attached form and send it to the following e-mail address: s.merighi@comune.fe.it, attaching, if possible, one or more photographs of the hall or halls in question in jpg format.
